Funeral Services

The Merida consular district comprises the States of Yucatan, Campeche and Quintana Roo.

Merida is the capital city of the State of Yucatan and the main city in the area, although nearby Cancun is becoming increasingly large and important. Campeche is the Capital city of the State of Campeche, and Chetumal is the capital city of the State of Quintana Roo. All of the funeral homes listed are licensed to practice in Mexico and have expressed interest in working with families of deceased American citizens.

The United States Consulate in Merida assumes no responsibility for the integrity or professional abilities of the firms whose names appear in this listing. The order in which they appear has no particular significance.

For the numbers listed below, when dialing from the U.S. you must dial 011-52 first. For example, to dial the first funeral home on the list below from the U.S. you would dial 011-52-999-924-6669. If that does not work, try 011-521, (as some cell phones in Mexico require the "1" after the 52).

MERIDA, YUCATAN
