Arizona State University

<https://www.asu.edu/>

Institution type: Public

Degrees Offered: Baccalaureate, Doctorate, Master's, MBA, PhD

About the institution:

Arizona State University is a public research university with four campuses across the Phoenix metropolitan area, one location in northwestern Arizona and four regional learning centers throughout Arizona. Ranked the No. 1 university for innovation in the U.S. for the last six years, ASU is at the forefront of research and development, with the ASU Knowledge Enterprise supporting pioneering research initiatives. From population growth and urbanization to cutting-edge technological advancements, scholars at ASU are at the leading edge of sustainability initiatives. This is where Nobel laureates and Pulitzer Prize winners teach students to become master learners. This is where nationally and internationally ranked programs prepare next-generation innovators to thrive while advancing research of public value, strategic partnerships, entrepreneurship and economic development. Six Arizona State University programs including Business Administration, Management, Public Administration, Environmental science and engineering, Education, Economics were ranked top 25 in the world by Shanghai Ranking's 2022 Global Ranking of Academic Subjects. Along with academic achievements, ASU champions equality and diversity, offering a variety of pre-support to improve access to education.

Bellevue College

<https://www.bellevuecollege.edu/international/>

Institution type: Public, Community College

Degrees Offered: Associate Degree, Baccalaureate, Non-Credit/Certification (No Degree)

About the institution:

Bellevue College is a top-ranking, fully-accredited college offering two-year associate and four-year bachelor's degrees, as well as professional certificates, Intensive English Program (ESL), and International High School Completion program. Bellevue College is the largest 2-years college in Washington State and the home of 29,000+ students with about 1,000 international students from over 60 countries each year. Each year, Bellevue College is proud to transfer more students to the University of Washington and Washington State University than any other school in the state of Washington. In addition, our international students have transferred to top universities throughout the U.S. including Cornell, NYU, Georgia Tech, Purdue, Berkeley, UCLA and many others. Bellevue College is located in beautiful Bellevue, Washington. It is just 20 minutes from the Sea-Tac international airport and offers a quick 15-minute drive to downtown Seattle. The college is surrounded by some of the largest, most recognizable companies in the world. Expedia and T-Mobile are just west of campus and Microsoft is to the North. All are within a 10-minute drive from Bellevue College. Surrounded by 100 acres of evergreen trees, Bellevue College campus is a beautiful, safe, and modern place to study.

Berkeley College

www.berkeleycollege.edu

Institution type: Private

Carnegie Mellon University

<https://www.heinz.cmu.edu/>

Institution type: Private

Degrees Offered: Master's, PhD

About the institution:

The Heinz College of Information Systems and Public Policy is home to two internationally recognized graduate-level institutions at Carnegie Mellon University: the School of Information Systems and Management and the School of Public Policy and Management. This unique colocation combined with its expertise in analytics set Heinz College apart in the areas of cybersecurity, health care, the future of work, smart cities, and arts & entertainment. In 2016, INFORMS named Heinz College the #1 academic program for Analytics Education.

Our educational programs offer a foundation of data analytics, technology, and experiential learning. Regardless of whether you come here to study Arts Management or Information Security or anything in between, your experience will be built on these elements.

Our research programs are best described as data-intensive social science. Our economists, statisticians, operations researchers, computer scientists, and management experts sit side by side, collaborating constantly and not sitting in traditional departmental silos. For this reason, they are able to approach complex societal problems in an altogether different way. For more information, please visit www.heinz.cmu.edu

Cascadia Community College

<https://www.cascadia.edu/>

Institution type: Public, Community College

Degrees Offered: Associate Degree, Baccalaurate

About the institution:

Cascadia College is a 2-year public community college located near Seattle in Washington state in the United States. Cascadia offers 2-year Associate degrees to transfer to 4-year universities . Intensive English Program, Washington State High School diploma, and a few Bachelor of Applied Science

programs. It is an ideal place for international students to start education in the United States due to small class size, affordability, and transferability. The college fosters academic and career success through the development of critical thinking, effective communication, creativity, and cultural awareness in a safe, accessible and affordable learning environment. In meeting the needs of our demographically diverse student population, we embrace equity and accountability through measurable learning outcomes, ethical data-driven decisions and student achievement.

Clark College

www.clark.edu

Institution type: Public, Community College

Degrees Offered: Associate Degree

About the institution:

Clark College is the premier institution for higher education in Southwest Washington. For more than 85 years, Clark has guided students from around the world to reach their academic goals. Founded in 1933, Clark College is one of the oldest accredited two-year colleges in the state of Washington. Clark College is Southwest Washington's largest public institution of higher education. An open-enrollment community college, it welcomes students of all ages and backgrounds pursuing their educational or career paths each quarter. Students can earn high school diplomas, GEDs, certificates, and degrees in a variety of programs including nursing, dental hygiene, and mechatronics, to name a few. Also, Clark's Running Start program enrolls high school students so they can earn college credit for little or no cost. Clark College's main campus sits on the beautiful 101-acre Vancouver Central Park in the heart of Vancouver, Washington. The college also offers classes on the campus of Washington State University Vancouver and at a satellite location in east Vancouver at the Columbia Tech Center. The college's non-credit Community and Continuing Education program, offers corporate and continuing-education classes. Clark College has collaborated on partnerships with many regional colleges, universities, and technical institutions, allowing students to apply credits earned at Clark toward their bachelor's degrees. Athletic programs at Clark College include men's and women's basketball, co-ed cross country, men's and women's soccer, softball, volleyball, and baseball. Clark College is a member of the Northwest Athletic Conference.

Clark University

<https://www.clarku.edu/>

Institution type: Private

Degrees Offered: Baccalaureate, Doctorate, Master's, MBA, PhD

About the institution:

Clark University is a highly-ranked, student-centered institution educating more than 3,000 undergraduate and graduate students to be imaginative and contributing citizens of the world. Our students are driven to "challenge convention and change our world" and to address issues of critical importance to society.

Clark is proud to hold many national and international distinctions, including recognition for its diversity and inclusion efforts, innovation, community engagement and impact, as a top green campus, and for having a distinguished geography and international development program. Clark has also been included in the groundbreaking Colleges that Change Lives guide since it was first published in 1996.

The Accelerated Degree Program (ADP) gives current Clark undergraduates who qualify a pathway to earn both a bachelor's and master's degree in five years. Depending on whether students started at Clark as a first-year or a transfer, they may be eligible to receive a full or partial tuition scholarship for the fifth year.

Clark is located in Worcester, Massachusetts, a dynamic, diverse city "on the rise." The second largest city in New England, Worcester is increasingly recognized for its growing healthcare and biotechnology communities, its thriving cultural scene, and as a vibrant food hub.

George Mason University

www.gmu.edu

Institution type: Public

Degrees Offered: Associate Degree, Baccalaureate, Doctorate, JD, Master's, MBA, Non-Credit/Certification (No Degree), PhD

About the institution:

George Mason University (Mason) is located in the safe, suburban city of Fairfax, Virginia, just 24 kilometers outside of Washington, D.C., the nation's capital. As Virginia's largest public research university, Mason provides a college experience like no other. Mason offers more than 200 bachelor's, master's, and doctoral programs as well as numerous minors and certificate programs to customize your education and meet your career and personal goals. With over 36,000 students from all 50 U.S. states and more than 130 different countries, Mason is one of the most diverse universities in the United States. Mason's academic programs are not just courses of study; they are pathways to the accomplishments you want to make, the global problems you want to solve, and the life you want to live. Our top-rated faculty prepare you to compete with the best in the world through experiential learning, research projects, and connections to internships. Mason is one of only 131 schools in the country designated as a tier one research university by the Carnegie Classification of Institutions of Higher Education. Mason is at the forefront of emerging fields and is committed to a transformational learning experience that helps students grow as individuals, scholars, and professionals.

Georgia State University

www.gsu.edu

Institution type: Public

Degrees Offered: Associate Degree, Baccalaureate, JD, Master's, MBA, PhD

About the institution:

Georgia State University is a rapidly growing public research institution in downtown Atlanta, the largest city in the Southeast United States. Our 12 colleges and schools have gained national recognition for excellence in academics and research. We are proud to be ranked the country's No. 1 public university for undergraduate teaching and No. 3 for innovation.* Our ingenuity, determination and commitment to constantly challenge ourselves has enabled us to graduate a record number of students from all backgrounds in less time than other universities. We believe philanthropist and entrepreneur Bill Gates said it best: "No other university has accomplished what Georgia State has the last decade." That's why more than 3,000 international students from 130-plus countries call our downtown Atlanta Campus (and five Perimeter College campuses) home each year.

Hillsborough Community College

<https://hccfl.edu/international>

Institution type: Public, Community College

Degrees Offered: Associate Degree

About the institution:

Hillsborough Community College (HCC) is located in the vibrant waterfront city of Tampa, Florida, and surrounding Hillsborough County. Known for its year-round sunshine, the Tampa Bay region is home to some of the best beaches in the world, a vibrant cultural scene, sports of all kinds, and excellent higher education opportunities. HCC students enjoy a unique learning environment with many features not usually found at U.S. community colleges. We offer luxury, on-campus housing, a nationally ranked Honors Program, a wide range of associate degree programs, dedicated student support services at our Center for International Education and seamless transfer to four-year universities. If you want to attend a selective four-year college, a liberal arts institution, a nationally ranked university, or an Ivy League school, HCC helps you get there!

Founded in 1968, HCC is currently the fifth largest community college in Florida's State College System, serving more than 42,000 students each year at its five campuses, three centers and online platform. HCC offers more than 200 academic options including the associate in art and associate in science degrees, college credit certificates, postsecondary adult vocational certificates, advanced technical diplomas and certificates, as well as continuing education and lifelong learning courses. The College has an annual budget of over \$135 million and employs more than 2,200. Over 84 percent of HCC graduates stay in the local community, and together, HCC and its former students contribute more than \$1.3 billion in added income and economic impact to Hillsborough County.

New York Institute of Technology

www.nyit.edu

Institution type: Private

Degrees Offered: Baccalaureate, Doctorate, Master's, MBA, Non-Credit/Certification (No Degree), PhD

About the institution:

New York Tech is emerging from recent challenges as a stronger, more future-focused university. As a dynamic, highly ranked, and accredited not-for-profit university, we're committed to educating the next generation of leaders, inspiring innovation, and advancing entrepreneurship.

By offering programs that meet market demands, our 100+ tech-focused degree programs and areas of specialization prepare students for jobs of the future, give them an edge in the marketplace, and help them grow as people, citizens, and professionals. Our nearly 8,000 students representing 72 countries and 40 states become engaged, technologically savvy physicians, architects, scientists, engineers, business leaders, digital artists, healthcare professionals, and more.

North Carolina State University

<https://www.ncsu.edu/>

Institution type: Public

Degrees Offered: Baccalaureate, Doctorate, Master's, Non-Credit/Certification (No Degree), PhD

About the institution:

With a focus on solving real-world problems through innovative research, NC State's graduate programs are committed to transforming graduate education to prepare our best and brightest students to be true leaders ready to tackle the critical issues that challenge our state, nation, and world. Our goal is to prepare career ready students with a true competitive edge through a focus on professionally oriented training designed for the real world. In scope and quality, our graduate programs are superb. We offer over 100 master's and over 60 doctoral programs in a full range of traditional disciplines, as well as a variety of graduate certificate programs and degree programs that can be completed all or partly online. Science, technology, engineering and mathematics are our core strengths. We also offer strong programs in Design, Education, Management, the Humanities, and the Social Sciences. Our location in North Carolina's Research Triangle means the best of industry-government-university partnerships. Our quarter century-old Centennial Campus reflects the university model of the future, where young investigators collaborate with faculty mentors, private companies, and public agencies to solve real-world problems. NC State boasts a talented graduate student body of approximately 10,500 degree-seeking master's and doctoral students who reflect a richness and diversity that energize this community of scholars. They come from all 50 states and 1/3 of our graduate students come from over 100 other countries. On average, we confer about 3,000 graduate degrees each year. We're proud of our students, of their achievements, and of the outstanding graduate faculty who are their mentors.

Northeastern State University

<https://www.nsuok.edu/>

Institution type: Public

Degrees Offered: Baccalaureate, Master's, MBA

Founded on the rich educational heritage of the Cherokee Nation, the campuses of Northeastern State University provide its diverse communities with lifelong learning through a broad array of undergraduate, graduate, and professional doctoral degree programs. With high expectations for student success, the University provides quality teaching, challenging curricula, research and scholarly activities, immersive learning opportunities, and service to local and professional communities. The institution's dedicated faculty and staff offer a service-oriented, supportive learning environment where students prepare to achieve professional and personal success in a multicultural and global society.

Shoreline Community College

<https://www.shoreline.edu/>

Institution type: Public, Community College

Degrees Offered: Associate Degree, Non-Credit/Certification (No Degree)

About the institution:

With over 300 Vietnamese alumni, Shoreline Community College has long been a leader in University Transfer (2+2), High School Completion, Online Learning, and Academic English.

Located in the vibrant Greater Seattle Area, Shoreline's parklike campus is in a great location close to beaches, local cafes and downtown. In a dynamic hub of global business, major companies like Boeing, Microsoft, Amazon and Starbucks are just a few of the world-class companies that call Seattle home.

Our University Transfer program offers over 90 areas of study and provides a gateway to top universities in the U.S. This program also offers guaranteed admission and transfer agreements with many universities. Come see why so many Vietnamese students love to make Shoreline their home.

SUNY College at Plattsburgh

<https://www.plattsburgh.edu/admissions/international/index.html>

Institution type: Public

Degrees Offered: Baccalaureate, Master's

About the institution:

Founded in 1889, the State University of New York (SUNY) Plattsburgh is a medium-sized, public, accredited institution in northeastern New York State. As a comprehensive college, Plattsburgh offers more than 60 undergraduate majors, many in STEM and business fields. In addition, we also offer an English Bridge Program to help students improve their academic English skills as a complement to and support for the courses required for degree completion. Plattsburgh is surrounded by pristine natural beauty of mountain ranges and Lake Champlain. Located 100 km south of Montreal, Canada, Plattsburgh has been rated the second-best micro-city (with population less than 100,000) in the United States. (ranking criteria includes economic potential, human capital and lifestyle, business friendliness, connectivity and foreign direct investment strategy. "The Lake City" is a cultural crossroads with budding arts and music scenes. Students take advantage of the North Country Cultural Center for the Arts, the historic Strand Theater, and many coffee shops and galleries downtown. Local restaurants feature Greek, South Asian, Japanese, Italian, Spanish, and North Country cuisine, or sample a wide variety of American chain restaurants uptown.

SUNY Plattsburgh enrolls more than 300 international students from more than 60 countries making it one of the most globally diverse campuses within the 64-campus SUNY system. Our students enjoy living and learning experiences like those at many private colleges: excellent career development services, low student-faculty ratio, small classes, and instruction by faculty, not graduate students. With many opportunities for undergraduate research and hands-on learning, our graduates are well-prepared for employment or further study. Imagine what you will accomplish!

SUNY Stony Brook

<https://www.stonybrook.edu/>

Institution type: Public

Degrees Offered: Baccalaureate, Doctorate, Master's, PhD, Certificates

About the institution:

Stony Brook University, a flagship of the State University of New York (SUNY) system, is going far beyond the expectations of today's public universities. With nearly 27,000 students, 2,800 faculty members,

more than 200,000 alumni, a premier academic medical center and 18 NCAA Division I athletic programs, Stony Brook is a research-intensive distinguished center of innovation dedicated to addressing the world's biggest challenges. The university embraces its mission to provide comprehensive undergraduate, graduate and professional education of the highest quality, and has been ranked 23rd among top public universities by Forbes and 38th among public universities in the U.S. News & World Report Best Colleges listing.

Fostering a commitment to academic research and intellectual endeavors, Stony Brook's membership in the Association of American Universities (AAU) places it among the top 65 research institutions in North America. The university's distinguished faculty have earned esteemed awards such as the Nobel Prize, Pulitzer Prize, Indianapolis Prize for animal conservation, Abel Prize and the inaugural Breakthrough Prize in Mathematics. Stony Brook has the responsibility of co-managing Brookhaven National Laboratory for the U.S. Department of Energy — one of only eight universities with a role in running a national laboratory. Providing economic growth for neighboring communities and the wider geographic region, the university totals an impressive \$7.23 billion in increased economic output on Long Island. Follow us on Facebook <https://www.facebook.com/stonybrook/> and Twitter @stonybrook.

Tacoma Community College

<https://www.tacomacc.edu/costs-admission/admission-process/international/>

Institution type: Public, Community College

Degrees Offered: Associate Degree

About the institution:

Located 10 minutes from a beach, 30 minutes from the Seattle-Tacoma international airport and 45 minutes from downtown Seattle, Tacoma Community College is beautifully situated in the northwest United States. Students will find ethnically diverse restaurants, local coffee shops, concert venues, golf courses, national and state parks as well as oceanfront all within easy access of Tacoma. Seattle-Tacoma is known as the second tech-hub of the United States (following Silicon Valley) with companies like Amazon, Microsoft, Starbucks and Boeing headquartered here. The 2+2 pathway takes a student no additional time to complete their U.S. Bachelor's degree, but it does come with many benefits. TCC offers small class sizes, affordable tuition, free tutoring and resources and we operate on a quarter system, which means students take fewer classes during any given term. These benefits make the 2+2 pathway a great choice for any student! Popular majors at TCC are Cyber Security, Engineering, Computer Science, Business, and Health Science.

UCLA Summer Sessions

<https://summer.ucla.edu/>

Institution type: Public

Degrees Offered: Non-Credit/Certification (No Degree)

About the institution:

UCLA Summer Sessions offers international high school and university students the opportunity to study at the #1 public university in the United States (U.S. News and World Report, 2022). Students can

choose from nearly 800 official UCLA courses, and receive an official UCLA academic transcript. At UCLA Summer Sessions, there are 125 majors available to study in 109 academic departments.

University of Arizona

<https://everywhere.arizona.edu/>

Institution type: Public

Degrees Offered: Baccalaureate, Doctorate, JD, Master's, MBA, Non-Credit/Certification (No Degree), PhD

About the institution:

At the University of Arizona, we are driven to do great things. It's our passion to transform the lives of our nearly 50,000 student Wildcats and to solve some of the biggest challenges facing our state and the world. But what makes us unique is how we do it. We live our purpose, mission and values every day. And we do this in one of the most incredible places on Earth – Tucson, Arizona. Surrounded by majestic mountains, days filled with sunshine and evenings watching cotton candy sunsets, everywhere you look at the University of Arizona is filled with wonder.

Founded in 1885, the University of Arizona has been educating high-achieving students for over 100 years at the Bachelor, Master and Doctoral degree level. International students can choose from over 300 undergraduate and 200 graduate fields of study ranging from Health Sciences, Engineering, Business, Communication and so much more.

University of California, Riverside

<https://www.ucr.edu/>

Institution type: Public

Degrees Offered: Baccalaureate, Doctorate, Master's, MBA, Non-Credit/Certification (No Degree), PhD

About the institution:

Greetings from the University of California, Riverside (UCR). Established in 1954 as the 6th general campus of the world-renowned University of California system, UCR is one of the world's finest institutions of higher learning. Today, UCR offers over 150 Undergraduate Majors and Minors, 55 Master Programs and 42 Doctoral Programs within the University's Bourns College of Engineering, College of Humanities, Arts and Social Sciences, College of Natural and Agricultural Science, School of Business, School of Education, School of Public Policy and School of Medicine. UCR is top ranked globally in areas such as Agriculture, Engineering, Renewable and Sustainable research, and Business. UCR is proud to be a Tier 1 research university in the U.S., hosting cutting edge research centers and facilities on campus for multidisciplinary research and study.

Our outstanding quality of education and research is led by 2 Nobel Laureates, 15 National Academies members and many more award-winning faculties. UCR is placed in "Top 1% University Worldwide" by Center for World University Rankings. In 2021, UCR was recognized as the "Top Performer on Social Mobility in the Nation" by U.S. News & World Reports. UCR was also recognized for having the "Top 5 Computer Science Institution in the World for High Performance Computing" and "Top 10 in the World for Computer Architecture" according to CSRankings. The Riverside Citrus Experiment Station founded in 1907, the birthplace of naval orange and the forbearer of the university, setup UCR to be a top scientific research institution not only in agriculture, entomology and plant science, but also in engineering and environmental sciences.

University of Cincinnati

<https://admissions.uc.edu/information/international.html>

Institution type: Public

Degrees Offered: Baccalaureate, Doctorate, MBA, PhD

About the institution:

The University of Cincinnati offers students a balance of educational excellence and real-world experience. UC is a public research university with an enrollment of more than 46,700 students and is ranked No. 4 in the nation for co-ops and internships by U.S. News & World Report.

Today, more than 300,000 living alumni count themselves as Bearcats — united not just by their loyalty to our nationally known sports teams, but by their common love of the place, the people and the ideas that make up the University of Cincinnati. UC was founded in 1819 with 414 different degree programs and a 16:1 student teacher ratio.

University of Colorado at Boulder

www.colorado.edu

Institution type: Public

Degrees Offered: Baccalaureate, Doctorate, JD, Master's, MBA, Non-Credit/Certification (No Degree), PhD

About the institution:

Our core public mission is centered on the belonging, well-being and success of our undergraduate and graduate students. We offer a world-class faculty and staff who deliver high-impact learning opportunities, hundreds of co-curricular programs, strong alumni career achievement and a caring, holistic community of support—all situated within one of the most inspiring college campuses and most innovative, educated and sustainable communities in the world.

We fulfill our public mission by sharing the positive impacts of new knowledge—from our role as one of the world's top-ranked research and innovation universities, to our dozens of nationally ranked and highly regarded academic programs, to our hundreds of public outreach efforts that directly affect more than half a million Coloradans each year.

We share a common desire to continuously improve, and we are driven to become a more diverse, equitable, inclusive and anti-racist university. We have hard work to do to make the progress we must achieve, and we seek the commitment and engagement of everyone at CU Boulder to help us build the practice of inclusion into the daily life of our campus. We are focused on supporting and enabling all who are driven to make a difference—and our faculty, staff and alumni share a proud 145-year history of advancing and sustaining the public good.

University of Kentucky

<https://international.uky.edu/Apply>

Institution type: Public

Degrees Offered: Baccalaureate, Doctorate, JD, Master's, MBA, Non-Credit/Certification (No Degree), PhD

About the institution:

The University of Kentucky (UK) is a leading public research university located in Lexington, Kentucky on a beautiful, residential campus. UK remains one of the most affordable major universities in the United States and has multiple scholarship opportunities for our international students. Our 200+ academic programs give students the chance to excel in a wide variety of fields, and the strong academic preparation, research opportunities, and hands-on experience they receive allows our international students to develop the necessary skills to tackle today's global workforce.

UK is one of only eight universities in the U.S. offering the full range of academic programs on one campus—Agriculture, Architecture, Business, Engineering, Law, Medicine, Nursing, and Pharmacy. This allows our students to have a true multidisciplinary college experience.

Proud of its diverse and close-knit community, UK is home to more than 1,400 international students from over 100 different countries, and has been ranked as one of the 15 Diversity Champion Colleges and Universities in the nation, according to INSIGHT Into Diversity Magazine.

University of Missouri – Columbia

<https://missouri.edu/>

Institution type: Public

Degrees Offered: Baccalaurate, Doctorate, JD, Master's, MBA, Non-Credit/Certification (No Degree), PhD

About the institution:

Established in 1839, the University of Missouri knows what it means to be first. We were the first public university west of the Mississippi River. We are home to the world's first journalism school. We started the tradition of homecoming. As a flagship, land-grant institution and one of only 65 universities to be a member of the prestigious Association of American Universities, we are a campus where empathy, innovation and hard work combine to solve the world's grand challenges. Our university advances technology, cultivates entrepreneurship, and generates life-saving radioisotopes in the most powerful university research reactor in the country. We are Mizzou, where Black and Gold runs deep and Truman the Tiger embodies our bold spirit.

University of Nebraska – Lincoln

www.unl.edu

Institution type: Public

Degrees Offered: Baccalaurate, Doctorate, JD, Master's, MBA, PhD

About the institution:

UNL is a comprehensive public research university located in the safe and friendly center of the United States. It offers academic programs at the undergraduate, graduate, and professional levels in many disciplines, from Agriculture to Fine Arts to Law. The student body is comprised of approximately 21,000 undergraduates and 5,000 graduate and professional students. UNL ranked as a Carnegie I Research institution. It is also a member of the Big Ten Academic Alliance, a consortium of world-class research institutions united in a commitment to serve the common good by sharing expertise, leveraging campus resources, and collaborating on innovative programs. Located in the center of the United States, UNL provides a supportive environment for research, teaching, studying, and outreach efforts. Lincoln, the capital of the state of Nebraska, is a peaceful and progressive city of nearly 300,000 inhabitants with a rich array of opportunities for students.

University of Northern Iowa

<https://intladm.uni.edu/>

Institution type: Public

Degrees Offered: Baccalaureate, Doctorate, Master's, MBA, Non-Credit/Certification (No Degree)

About the institution:

The University of Northern Iowa is a comprehensive public university with 9,500 students representing over 60 countries. UNI offers 90 undergraduate majors and 50 graduate programs as well as an Intensive English Program. It is recognized as a “Best Business School” and is also known for strong programs in Education, Natural Sciences, Social Sciences, and the Arts. The internship opportunities offered through UNI exceed the number of students who apply and the over 270 clubs and organizations on campus provide students with a chance to engage and grow. As a result, 96% of UNI students reported that they were employed or in graduate school within six months of graduating. When considering the low cost of tuition and living, and the high quality of education received, UNI is considered one of the top values for education in the U.S.

University of Oregon

<https://www.uoregon.edu/>

Institution type: Public

Degrees Offered: Associate Degree, Baccalaureate, JD, Master's, MBA, PhD

About the institution:

Recognized as one of the top national research universities and top 50 public universities, the University of Oregon has over 300 undergraduate programs, including innovative degrees in STEM, Finance, and Sports Management.
