3.0 Contractor Requirements for Providing Official Travel Services

3.1 Establishment of a Traveler’s Authorized Itinerary

3.1.1 Upon receipt of a travel authorization, the contractor is responsible for determining a traveler’s authorized itinerary.

The Contractor is not separately paid to establish the authorized itinerary since such work does not constitute a transaction under the terms of this contract. There is often a degree of subjectivity involved in the establishment of a traveler’s authorized itinerary, with an inherent tension between the principles of economy (lower cost) and efficiency (shorter or more convenient travel). The Contractor shall make authorized itinerary determinations that balance these principles in accordance with “reasonable person” and “prudent traveler” standards.
3.1.2 Any deviation from the authorized itinerary (other than a deviation in date that does not change the fare) constitutes a cost-construct. The value of the authorized itinerary determines the basis of any traveler-requested cost-construct. (Note: all indirect travel is cost-constructed, but not all cost-constructed travel is indirect.)

3.1.1.1 Should the traveler’s deviation from the authorized itinerary result in common carrier transportation costs in excess of the value of the authorized itinerary, the traveler is responsible for paying the difference prior to or simultaneous with the issuance of the ticket(s).

3.1.1.2 In cases when the value of the cost-constructed itinerary is less than the value of the authorized itinerary, savings accrue to the USG, not to the traveler or to the Contractor, and may not be used to offset any other expense, such as a Contractor-charged cost-construct service fee.

3.1.3 When a traveler disputes that the Contractor-established itinerary should constitute their authorized itinerary in accordance with USG travel regulations, the traveler may request a review by the GSO or Management Officer at the relevant post, who will either concur with the Contractor’s determination or identify an alternate itinerary that constitutes the traveler’s authorized itinerary. The Transportation and Travel Management division in Washington, DC has the authority to make a final determination regarding the itinerary that constitutes a traveler’s authorized itinerary.

3.1.4 For traveler-initiated online bookings, the traveler is expected to select itinerary components that comply with the FAM, FTR, and/or JTR. The Contractor is responsible only for identifying non-compliant selections, such as those that result in lost savings, and for preventing the issuance of tickets for selections that would be inconsistent with the traveler’s authorized class of service, with the provisions of the GSA City Pair program, or with the Fly America Act.

3.2 Transportation

3.2.1 The Contractor shall comply with mandatory Government programs for air travel. Except for the constraints of the “City Pair Program” noted below, and the Fly America Act, the Contractor shall offer the lowest available fare that complies with the agency’s mission requirements and the Mission Travel Policy, as well as check for lower fare at time of final ticketing. If reservations made by the Contractor are not at the lowest available rate allowed by policy, the Contractor shall refund the agency the difference.

3.2.2. City Pairs Program

3.2.2.1 GSA has awarded contracts to certain airlines for reduced air fares between numerous city/airport pairs. The use of the contract air service (e.g., 'YCA', '_CA') fare types is mandatory for official Government travel (which includes all travel funded by the Government), unless the Government approves the use of non-contract fares under the exceptions specified in the FTR.
and 14 FAM 524.1. Note, use of the contract carrier offers a lower fare other than their YCA and/or CA fares, the use of the lower fares is permissible if the fare types selected are with policy. In domestic markets only, in cases of separate contract awards between specific airports in cities, the traveler may use the airport that best meets their needs without further justification. U.S. Government fares are loaded into every GDS as a passenger type. U.S. Government fares are not corporate fares. These contract fares may be obtained only by using a CBA, IBA or GTR as the form of payment for the ticket.

3.2.2.2. Promotional or other types of discount fares can be used on contract city/airport pair routes if they are offered by the contract carrier and are lower in cost than contract fares. Contract fares shall not be used for any personal travel, including those instances where portions of personal travel are substituted for a leg of an officially authorized trip.

3.2.2.3. There are a limited number of non-contract fares (YDG or similar), restricted to official Government travelers, which are obtainable only with a GTR, IBA, or CBA. Such fares can only be used when contract fares are not available or when offered by the contract carrier in that city/airport pair route at a lower cost than the contract fare. Valid FAM exceptions for pet travel are authorized.

3.2.2.4. When non-contract carriers offer restricted or unrestricted coach fares to the general public which are lower than the Government contract fares, the Contractor shall only use such lower fares on the application of exceptions contained in the current GSA Airline City-Pair Program. GSA contracts annually for air passenger transportation services between designated city/airport pairs. Since the contract is awarded annually the contractor must check the most current contract found on the GDS or on the GSA Website.

3.2.2.5. Restricted fares which provide for a monetary penalty for itinerary changes or flight cancellations shall not be used without the written consent of Mission Management, such as being noted in the Mission Travel Policy. When restricted fares have been authorized, the Contractor shall include a description of the applicable fare rules in the itinerary confirmation. The contractor shall reference the Mission Travel Policy and other Post resources.

3.2.2.6. As a last resort, the Contractor shall provide lowest unrestricted fare if no reduced fares are available, as the U.S. Government must use the lowest unrestricted or lowest restricted fare within policy without regard to particular fare bucket (e.g., if a B class fare is available and unrestricted, a Y class fare cannot be booked).

3.2.2.7 The airlines provide OSI entries to turn off ticking time limits for U.S. Government fares. U.S. fares generally require ticking 48-72 hours in advance per the fare rules.

3.2.3 The Fly America Act generally precludes use of non-US flag carriers, except as provided in the FTR, Foreign Affairs Manual, and 14 FAM 583.
3.2.4. The Contractor shall provide the Government with the reservation and ticketing services which industry practice normally accords corporate or private travelers, to include new and improved reservation and ticketing technologies. These shall include a 24-hour, toll-free number available to travelers to perform emergency itinerary changes and emergency services outside regular business hours. The Contractor shall be responsible for ensuring that any subcontractor providing such emergency service complies with all conditions of the contract.

3.2.5. The Contractor may only issue premium class tickets for which the Government will have to pay an additional amount when the accompanying travel orders provide authority for that travel. This does not apply to situations in which frequent flyer benefits will be used to obtain the premium class tickets. Premium class tickets reports are required to be given to the GSO.

3.2.6. Back-to-back faring, issuing round trip tickets for one way travel or hidden city ticketing and additional commission mark ups on all fares are prohibited under this contract.

3.2.7. The Contractor shall provide the traveler with advanced seat availability when made available by a carrier at no charge.

3.2.8. The Contractor shall adjust for any change(s) in flight, train, schedules. Tickets and billings shall be modified or reissued to reflect these changes.

3.2.9. The Contractor shall adjust for any change(s) in flight, or train, schedules. Tickets and billings shall be modified or reissued to reflect these changes.

3.2.10. The Contractor shall make a timely effort to notify travelers of airport closings, canceled or delayed flights or trains. The Contractor shall promote the use of APP technologies such as CWTSateToGo, trip case, tripit etc. to provide real time flight and gate changes.

3.2.11. The Contractor's air reservation system shall have the capacity to issue air tickets using any of the Government's corporate or other discount rate codes.

3.1.12. The Contractor shall assist the travelers and liaise with the airlines for any change(s) in flight within the 24-hour period before departure time.

3.1.13. The Contractor shall maintain the ability to accept two forms of payment when executing cost construct travel.

3.3. Lodging

3.3.1. The Contractor shall provide lodging reservation services. These services shall include initiating and confirming reservations and confirming the rate at which the reservation is made.
3.3.2. Where the Government has agreements with hotels/motels for discount Government rates, the Contractor shall endeavor to obtain such rates for Government travelers. (Frequently these rates are capacity controlled.) If necessary to obtain Government rates, the Contractor shall call such hotels directly, rather than by toll-free numbers. The Contractor shall also make available to the Government any lower-priced, guaranteed corporate or other discount rates it has negotiated at these or other hotels. The Contractor shall also look for FedRooms Government Rates. The Contractor shall endeavor to book rates that are within the per diem amount for the traveler’s authorized lodging location unless otherwise requested by the traveler. The Contractor shall identify any rate booked that exceeds the per diem amount by including a noticeable indicator on any travel document or itinerary.

3.3.3. Final selection of accommodations rests with the traveler. If reservations made by the Contractor are not made at the lowest available Government rate, the Contractor shall refund the Government the difference. Since final selection of accommodations rests with the traveler, the reservations made by the Contractor shall be made at the lowest available rate that complies with the traveler’s request, or the Contractor shall refund the Government the difference. Lodging reservations for Federal Government employees on official business shall comply with the Hotel and Motel Fire Safety Act of 1990 (see Definitions). Selected lodging shall comply with the Hotel and Motel Fire Safety Act of 1990, if available, unless an exception is granted by the COR. As stated in the definition in paragraph 2.0, the Hotel and Motel Fire Safety Act of 1990 only applies to the United States and its territories.

3.4. Rental Vehicles

3.4.1 The Contractor shall reserve commercial vehicles for Federal travelers, if requested. Defense Travel Management Office (DTMO) has negotiated Government discount rates on an unlimited mileage, flat daily or weekly basis with major rental automobile companies. Participating locations of these companies have agreed to make these rates available to civilian as well as military employees. These companies and their established discount rates are the first source for Federal travelers, as required by the FTR. Considering daily or extended rates, the Contractor shall reserve vehicles from these sources or, if no vehicles are available at Government rates, from other firms at the lowest total cost available to the traveler, which includes full loss/collision damage waiver (LDW/CDW), to the traveler.

3.4.2. Under the FTR, it is incumbent upon the traveler to be prudent in selecting the method of ground transportation that best meets the mission’s needs.

3.5. Related Services

3.5.1. Health Requirements. The Contractor shall provide travelers with advice on necessary health requirements, including types of inoculations and vaccinations whether required or suggested for foreign travel.
3.5.2. Local Conditions. The Contractor shall provide information and advice on conditions at the various foreign destinations, including climatic conditions, type of clothing which are appropriate or essential, national, and religious holidays, location of American embassies and consulates, etc.

3.5.3. Foreign Currency Information. The Contractor shall provide technical advice on such matters as foreign currency exchange rate and transactions, securing auto insurance in conjunction with foreign automobile rentals, excess baggage requirements and fees.

3.5.4. Visas. The Contractor shall assist travelers in obtaining visas for foreign travel. The Contractor is required to provide at no cost to the Government, daily visa deliveries/pickups not to exceed five separate delivery/pick-up points per day. This includes pickup and delivery of passports and visas between the Embassy and other foreign embassies, or processing points located within the servicing city or area, on a daily or as needed basis.

3.5.5. Seminars and Meetings

The Contractor shall make all arrangements necessary for the presentation of conferences, seminars and meetings for official Government requirements. The Contractor shall not charge the Government a transaction fee or any other fee for this service, as further outlined in paragraph 17.0. Arrangements shall include:

- the reservation of meeting or classroom space;
- audio-visual equipment;
- attendee lodging;
- meals;
- breakout rooms; and
- transportation to seminar meeting site.

The Contractor shall make the reservations requested by the U.S. Government employee for this official function regardless of whether or not travel is involved. The Contractor shall document that such services are competitively obtained from the lowest-cost vendor that complies with requesting agency's quality standards. The agency retains ultimate responsibility for contracting with the facility, auditing final bills, and issuing deposits and/or payment to the facility.

3.5.6. Information Pamphlets RESERVED

Enclosed with this statement shall be the supporting documentation, such as ticket coupons, together with related TA's.

15.5.3. The Contractor shall fully document fares on the invoice or report any exceptions to the use of GSA's airline contract. This reporting requirement applies to official Government travel only. Failure to provide adequate documentation of agency justification for not using any
mandated program may result in the Contractor being denied compensation by the Government in excess of a documented discount fare.

15.5.4. The Contractor shall bill no more frequently than monthly. For each agency using the GTR, the Contractor, with review and approval by the COR, shall document each agency's requirements. This documentation shall specify:

- the vendor code;
- requirements for documentation and authorization of official travel;
- delivery arrangements;
- invoice requirements, billing and payment procedures and appropriate agency addresses.

All services pre-paid by the Travel Agency may be billed at the contractor's earliest convenience.

16.0 Refund Procedures

16.2. Agencies shall use SF 1170s or receipts for returned tickets to apply to the Contractor for refunds for unused transportation purchased directly by the agency. Documentation standards shall be established by each agency but, as a minimum, the Contractor shall identify each refund or credit by original ticket and invoice number (if applicable).

16.2.1. For CBA Purchases: The Contractor shall treat refunds on purchases by CBA in the same manner as refunds for similar charge or credit card purchases. Refunds for unused, downgraded or exchanged tickets shall be made by the Contractor immediately in the form of a credit refund receipt returned to the agency, with the credit applied to the agency's CBA. No cash refunds shall be made for CBA purchases.

16.2.2. For GTR Purchases: RESERVED

16.3 Employees who have been issued Government Travel Charge Cards shall apply directly to the Contractor, through the delivery control point, for refunds for unused transportation. The Contractor shall treat such refund requests in the same manner as refunds for similar charge or travel card purchases. Refunds shall be given immediately, in the form of a credit refund receipt returned to the employee, with the credit applied to the individual employee's travel card account.

17.0 Transaction Fee Procedures

17.1 Official and Personal Travel. These procedures apply only to official Government travel, not personal travel. Any transaction fee charged to an individual on personal travel shall be
between the traveler and the Contractor. However, the Contractor shall post in a plainly visible location, the transaction fee to be charged to a traveler on personal travel.

17.2. Charging of Transaction Fees. Block 20, paragraph 2.0 includes definitions for “Transaction” and “Transaction Fee”. The pricing portion of this contract sets forth more than one transaction fee amount and the applicable fee is based upon which category in the pricing table describes the transaction. For example, if the service is performed on-site, then the transaction fee charged for the transaction shall be the “on-site services domestic/international transaction fee”. The following paragraphs describe what constitutes a transaction for purposes of charging a transaction fee.

17.2.1. When requested by the Government, the Contractor is required to arrange for transportation of one or more individuals. The Contractor may charge only one transaction fee per itinerary when the ticket is issued. When multiple people travel on the same order, each individual traveler would have an itinerary. The (individual) itinerary could have multiple tickets, but only one transaction fee per is charged. (Fee is not based on the number of tickets needed to complete the (individual) itinerary). Until such time as the Government requests the Contractor to issue and the Contractor issues a ticket for transportation, no transaction fee shall be charged for any services associated with that transportation, including but not limited to:

- the original transportation reservations;
- changes to the original transportation reservations;
- lodging reservations;
- car rental reservations; and
- any related services described in Continuation of Block 20, paragraph 3.5 or elsewhere in this contract

Any additional industry / supplier fees such as prepaid ticket fees, paper ticket fees or any industry imposed fees or fees for additional services are not included in the transaction price.

17.2.2. Upon issuance of the transportation ticket, the Contractor shall charge the Government the applicable transaction fee for one transaction, that transaction being the ticket issuance. The Contractor shall not charge additional transaction fees for any other services noted above or elsewhere in this contract.

17.2.3. Once the ticket is issued, if the traveler requests a change in that ticket that requires ticket reissuance, the Contractor shall charge the Government an additional transaction fee. No additional transaction fee shall be charged for any other services.

17.2.4. After ticket issuance, if the Contractor must change and/or change and reissue the ticket because the Contractor or the Government discovers a Contractor-caused error in the routing, carrier or other problem, there shall be no additional transaction fee charge.
18.0 Security - The Government reserves the right to deny access to U.S.-owned and U.S.-operated facilities to any individual. The Government shall issue identity cards to approved Contractor personnel, each of whom shall display his/her card(s) on the uniform at all times while on Government property or while on duty at private residences. These identity cards are the property of the Government, and the Contractor is responsible for their return upon termination of the contract, when an employee leaves Contractor service, or at the request of the Government.

(End of clause)

Add the following clause in full text:

52.229-12 TAX ON CERTAIN FOREIGN PROCUREMENTS—NOTICE AND REPRESENTATION (FEB 2021)

(a) Definitions. As used in this clause—

Foreign person means any person other than a United States person.

United States person, as defined in 26 U.S.C. 7701(a)(30), means—

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 7701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) This clause applies only to foreign persons. It implements 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) (1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status is applicable. The excise tax withholding is applied at the payment level, not at
the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form W-14 and its separate instructions is available via the internet at www.irs.gov/w14.

(2) If the Contractor is a foreign person and has indicated in its offer in the provision 52.229-11, Tax on Certain Foreign Procurements—Notice and Representation, that it is fully exempt from the withholding, and certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for the 2 percent excise tax then the Contractor shall—

(i) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be subject to the excise tax withholding under 26 U.S.C. 5000C; and

(ii) Comply with paragraph (c)(1) of this clause.

(d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of the IRS Form W-14 (rather than completes Lines 10 through 12), the Contractor must identify and enter the specific exempt and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.

(e) Exemptions from the withholding under this clause are described at 26 CFR 1.5000C-1(d)(5) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue.

(f) Taxes imposed under 26 U.S.C. 5000C may not be—

(1) Included in the contract price; nor

(2) Reimbursed.
(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.

The following FAR clauses are provided in full text:

52.216-18 ORDERING (OCT 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from date of award through base period or option periods if exercised.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than 30 transactions, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor—
   (1) Any order for a single item in excess of 100 transaction fees;
   (2) Any order for a combination of items in excess of 100 transaction fees; or
   (3) A series of orders from the same ordering office within 1 (one) day that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(c) If this is a requirements contract (i.e., includes the Requirement clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) above.
(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within (1) day after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

52.216-21 REQUIREMENTS (OCT 1995)

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Delivery-Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after the end date of the contract.
52.217-8  OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within the performance period of the contract.

52.217-9  OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within the performance period of the contract or within 30 days after funds for the option year become available, whichever is later.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed (5) five years.

52.232-19  AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)

Funds are not presently available for performance under this contract beyond September 30 of the current calendar year. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond September 30 of the current calendar year, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

52.237-3  CONTINUITY OF SERVICES (JAN 1991)

(A) The Contractor recognizes that the services under this contract are vital to the government and must be continued without interruption and that, upon contract expiration, a successor, either the government or another contractor, may continue them. The Contractor agrees to (1) furnish phase-in training and (2) exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor.

(B) The Contractor shall, upon the contracting officer's written notice, (1) furnish phase-in, phase-out services for up to 90 days after this contract expires and (2) negotiate in good faith a plan with a successor to determine the nature and extent of phase-in, phase-out services required. The plan shall specify a training program and a date for
transferring responsibilities for each division of work described in the plan, and shall be subject to the contracting officer's approval. The Contractor shall provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this contract are maintained at the required level of proficiency.

(C) The Contractor shall allow as many personnel as practicable to remain on the job to help the successor maintain the continuity and consistency of the services required by this contract. The Contractor also shall disclose necessary personnel records and allow the successor to conduct on site interviews with these employees. If selected employees are agreeable to the change, the contractor shall release them at a mutually agreeable date and negotiate transfer of their earned fringe benefits to the successor.

(D) The Contractor shall be reimbursed for all reasonable phase-in, phase-out costs (i.e., costs incurred within the agreed period after contract expiration that result from phase-in, phase-out operations) and a fee (profit) not to exceed a pro rata portion of the fee (profit) under this contract.

SECTION 4 - EVALUATION FACTORS

1.0 Award will be made to the quoter which quotes the lowest transaction fees, as determined by following the procedures outlined in paragraph 3.0 below. The quoter shall submit a completed solicitation, including Sections 1 and 5.

2.0 The Government reserves the right to reject proposals that are unreasonably low or high in price.

3.0 The lowest price will be determined by multiplying the offered transaction fee for each contract line item in Section 1 for each period of performance by its respective estimated requirements set forth below. These requirements represent the estimates for each period of performance rather than the entire contract period, so the transaction fee for each period of performance will be multiplied by the same estimated requirements. The subtotals for the base and all optional periods of performance will be totaled to arrive at the total transaction fees to be charged to the Government. The estimates set forth below are based on official travel only, not personal travel. These estimates are provided only for purposes of computing the estimated transaction fee payment and are not guaranteed.

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) □ Are, □ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) □ Have, □ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (ii)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(1) Listed end products.

On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(j) Place of manufacture. (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-
(1) □ In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2) □ Outside the United States.

(k) Certificates regarding exemptions from the application of the Service Contract Labor Standards (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) [The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]

(1) Maintenance, calibration, or repair of certain equipment as described in FAR 22.1003-4(c)(1). The offeror □ does □ does not certify that–

(i) The items of equipment to be serviced under this contract are used regularly for other than Governmental purposes and are sold or traded by the offeror (or subcontractor in the case of an exempt subcontract) in substantial quantities to the general public in the course of normal business operations;

(i) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;

(ii) The contract services will be furnished at prices that are, or are based on, established catalog or market prices (see FAR 22.1003-4(d)(2)(iii));

(iii) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the
available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) Taxpayer Identification Number (TIN) (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to the SAM to be eligible for award.)

(1) All offerors must submit the information required in paragraphs (l)(3) through (l)(5) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the Internal Revenue Service (IRS).

(2) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror’s relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror’s TIN.

(End of Provision)

Add the following provision in full text:

52.229-11 TAX ON CERTAIN FOREIGN PROCUREMENTS—NOTICE AND REPRESENTATION (JUN 2020)

(a) Definitions. As used in this provision—

*Foreign person* means any person other than a United States person.

*Specified Federal procurement payment* means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services
provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

*United States person* as defined in 26 U.S.C. 7701(a)(30) means—

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if—

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at [www.irs.gov/w14](http://www.irs.gov/w14). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that—

(1) It [___]is [___]is not a foreign person; and

(2) If the Offeror indicates “is” in paragraph (d)(1) of this provision, then the Offeror represents that—I am claiming on the IRS Form W-14 [___] a full exemption, or [___] partial or no exemption [*Offeror shall select one*] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—
(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects “is” in paragraph (d)(1) and “partial or no exemption” in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.
