After the Interview

The Consulate cannot guarantee any applicant will receive a visa on the day of his interview. Decisions are based on many factors. Even if the Consulate determines you are eligible for a visa, visa issuance can be delayed for a variety of reasons. Applicants are strongly advised against giving up your job, disposing of property, or buying plane tickets until the passport and visa have been collected by the applicant. If you are granted the visa at the time of your interview your passport and visa will be ready for pickup approximately 10 business days after the interview. Please note that due to the high volume of visas we process and several other logistical necessities, we are not able to expedite the printing of visas.
