MEDICAL SERVICES LIST

Las Palmas De Gran Canaria, Consular Agency
Consular District of Madrid, Revised in July 2021

DISCLAIMER: The following list of hospitals and doctors has been compiled to assist American citizens in Spain in the event medical services are required. The U.S. Embassy Madrid, Spain assumes no responsibility or liability for the professional ability or reputation of, or the quality of services provided by, the medical professionals, medical facilities or air ambulance services whose names appear on the following lists, but great care has been exercised to include only those who are thought to be capable, reliable and ethical. Inclusion on this list is in no way an endorsement by the Department of State or the U.S. Embassy/Consulate. Names are listed alphabetically, and the order in which they appear has no other significance. Additionally, it has not been possible to include in this listing all of the capable physicians practicing in the Canary Islands. Users of this list should inquire in advance about hours of operations and fees.

Important: American Citizens living or traveling abroad should be sure they have adequate medical insurance that will cover expenses incurred abroad. Medicare and Medicaid are only valid in the United States. Some private American medical insurance companies will pay for expenses abroad, but most require that the patient pay the bill first, then file for reimbursement. Hospitals and health care providers will expect payment if you are not covered by the Spanish health care system. The United States Embassy does not have funding to help cover medical expenses of American citizens in Spain.
